

Dual & Broadband RM/RMM Series

Pole/Wall

**Adapter** 

Magnet Mount Version

Direct N Version

## Surface Mount & Mag-Mount GSM/CDMA & Broadband

- Broadband RMM model for worldwide coverage including UMTS & 802.11b/g
- Rugged Stud mount uses 5/8" hole (16 mm)
- Flexible seal provides watertight use
- The benchmark for PTCRB certifiable systems

These antennas complement Mobile Mark's broad line of antenna products for Cellular applications.

The RM3 Dual Band is a medium profile (3" H, 76 mm) antenna with performance of 3 & 5 dBi max (frequency dependent). A ground plane is required to maximize gain. The antenna radome consists of black ASA UV resistant plastic, with a heavy duty metal base and threaded feed thru, or a direct N version is also available.

The bottom of the RM series is outfitted with a gasket for complete sealing. A mounting nut is provided. Magnetic mount versions, MGRM-900/1900 allow use without drilling a hole.

The RMM-UMB is a broadband version capable of simultaneous operation on worldwide bands from 750 MHz up to 2.7 GHz, with excellent response.

A direct N version is also available along with the standard surface mount.

Model #	Description
RM3-900/1900-1C-BLK-12	Dual Band US GSM/CDMA
RM3-900/1900-DN-BLK	Dual Band US GSM/CDMA
RM3-925/1800-1C-BLK-12	EU GSM/DCS-1800
RM3-925/1800-DN-BLK	EU GSM/DCS-1800
RMM-UMB-1C-BLK	Broadband US/EU Cellular
RMM-UMB-DN-BLK	Broadband US/EU Cellular
MGRM-900/1900-1C-BLK-120	Mag Mt US GSM/CDMA
MGRM-925/1800-1C-BLK-120	Mag Mt EU GSM/DCS
MGRM-UMB-1C-BLK-120	Mag Mt US/EU Broadband

Add "-TM" for Vehicle Trunk Lid Mount Option

<u>Color options available for above models</u> WHT-White or BLK-Black

RM-MK Pole/wall mount for RMs w/ ground plane NT-MK Universal Pole/wall mount (L-Bracket)
