Universal Wall Mount 2.5" Standoff

Universal Wall Mount 4" Standoff

Universal Wall Mount 12" Standoff

Truck Mirror Mount for Stud Antennas

Pole Mount for Stud Antennas

Trunk Lid Mount Stud Antennas

Wall Mount for OD Series Antenna

- Universal Wall Mounts available in standoffs of 2.5 inches to 1 ft. (6 - 30 cm)
- Truck mirror and trunk lid mounts available for Stud mount antennas
- Wall/Pole mount adapts stud antennas to fixed base station/access point
- L bracket simplifies mounting of OD Series antennas to a wall

Universal Base Station Wall Mounts

These universal wall mounts can be used with any model antenna that provides pole mounting hardware. Each kit comes with 2 wall mount brackets and a unifying 2" OD pole (51 mm). Standoffs are available for 2.5", 4" and 12" distances. The 12" stand off version supplies an additional support leg for proper strength.

Pole Mount Adapter Kit

The model RM-MK wall and pole mount can be used to adapt a stud mount antennas for used as a fixed access point. The kit can accommodate antennas with stud diameter up to 3/4" and is supplied with a 2.75" ground plate.

Universal Mount

The NT-MK L-bracket mount can be used for a number of different models, including many of the site antennas.

Truck Mirror Mount

The Truck Mirror Mount (Model SM-MM) can be used to adapt most of Mobile Mark's Stud mount antennas for truck side mirror mounting. The ground plate is 2 3/4" diameter (70 mm) aluminum and the mounting hole can accommodate up to 3/4" stud (19 mm).

Trunk Lid Mount Adapter

The model SM-TM provides vehicle trunk (or hood) lid mounting for our stud mount antennas. The SM-TM provide mounting U shaped tangs (with set screws), that wrap around the trunk surface/weather-strip. The ground plate is 2 3/4" round (70 mm), and can accommodate a stud size of up to 3/4" (19 mm).

Wall Mount - OD Series

The model OD-WMK is a simplified L shaped bracket to mount the OD Series antennas to a wall. The aluminum bracket provides a 5" standoff from the wall, and is supplied with U Bolts for accommodating the 1" diameter (25 mm) of the OD body.

Replacement kits

Replacement kits are often requested to make it easier to move an

antenna from one installation to another. In particular, the re-install tape kit for the MM3 glass mount antennas facilitates re-installation.

Note: Some mounting accessories & kits may only be available from the USA.

Model #	Description
<u>Universal Base Station Wall Mounts</u>	
ACC-8305	2.5" stand off (6 cm) wall mount with pole
ACC-102643	4" stand off (10 cm) wall mount with pole
ACC-103024	12" stand off (30 cm) wall mount with pole
<u>Wall Mount</u>	
PN-WMK	Adjustable wall mount for panels
NLM-WM	Wall mount for NLM Series
<u>Wall/Pole Mount Adapter</u>	
RM-MK	Wall & Pole adapter kit for stud mnt. antennas
BP-MK	Pole/Wall mount for BP Series
<u>Universal Pole Mount/Wall Mount</u>	
NT-MK	L-bracket mount
<u>Mobile Mount</u>	
SM-TM	Vehicle Trunk lid mount with ground plate
SM-MM	Truck Mirror mount, with ground plate
<u>Omni Series Mounts</u>	
OD-WMK	L Bracket for wall mount OD Series antennas
OD-MK	Standard Pole mount; Fits mast up to 2.5" OD
<u>Pipe Mount</u>	
NLM-PM	Pole mount for NLM Series
YAG-PMK	Pole mount for YAGI antennas
<u>Replacement Kit</u>	
MM-K	MM3 Re-install tape kit
PN-MK	Replacement mount for PS Series
